

# Summer 2021 Virtual Workshop #1 - July 15, 1pm ET

## Creating the “perfect” capstone project from proposal to hand-off

Mark Easley - Texas Instruments University Program

### We will cover

- How to navigate your unique capstone program for efficiency
- Attract corporate participation
- Incentivizing your students, mentors, sponsors
- Getting better results out of your design projects
- Perfecting the art of asking for help and resources
- Advice on capstone resources
- Q&A on technologies accessible for student projects
